### **TO WHOM IT MAY CONCERN**

I am writing this letter to recommend AYEN MARTHA as her two-year Headmaster of Katabi Campus since 2016 to 2017 and because I have known her for the last 2 years.

As a student, MARTHA has demonstrated a love of learning and the level of commitment necessary to succeed at university. As her Headmaster from senior two up to senior four, I am happy to be able to provide this recommendation for her and I truly believe that she is a deserving candidate that you will be proud to have representing your institution.

I have known MARTHA as a courageous student who had a big interest in Business studies as well as other lessons, a student who was good at team-working and also a disciplined student who feels concerned with her fellow students problems and those of their community at school, and that's why I wholeheartedly support her application.

I feel certain that you will be just as impressed with her character as I was. As an educator who has known this student, I strongly encourage you to consider her for this scholarship.

Please contact me with any question and let me know if I can provide any additional information in support of this deserving student. You may reach me with email address provided below  
Regards,
